LONDON

Sir,

I beg to enclose a letter addressed to me from the owners of the steamer "EIR" ex "CAMILLA GILBERT". I have had a private conversation with the new managers, who very much regretted that they dare not subject the virtual owners Bergens Privatbank, to another Special Survey 12 months hence. They are, however, still anxious to have her submitted to a general examination and if the vessel is found in a general good condition and they trust that the Committee in this instance may consider this general examination to be equivalent to a Special survey and allow her to run the 4 years.

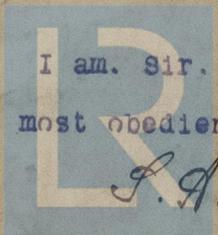

I am, Sir,

Your most obedient Servant,

1 enclosure.

S. A. Eide
Surveyor
