

3m.10.25.

POSTPONED SURVEYS.

Case of the Steel S.S. "CAMILLA GILBERT".

No. 65627 in Reg. Bk. ⁵⁶⁵⁸/3532 tons, Built 1920-4 m

Classed ^{of} 100 A 1 Owners W. Gilbert

Shelter dk. with freeboard 3.26 TS (cl) 3.26 Port of Registry Bergen

SS Inst. 23 ^{of} LMC 12.23
Fitted for oil fuel 4.20 F.P. above 150° F

Survey due Boiler Survey due 4,26.

Action was deferred by the Committee in this case in July last as the Bergen Surveyor wrote the Owner had instructed the Master to have the above survey held at the earliest opportunity. The Bergen Surveyor now writes that he has been informed by the Owner that the vessel is on her way to Galveston and is expected to return to Europe in about 1½ month's time, the Owner trusts that the Boiler Survey may be postponed until then.

Submitted for approval.
