2nd July, 1926.

Dear Sir,

I am in receipt of your letter of the 25th ultimo intimating you have been informed by the Owner of the steamer "CAMILLA GILBERT" that he has instructed the master to have the Boiler Survey carried out at the earliest opportunity, and in reply I have to say that, in the circumstances, the Committee, who had the case before them at their Meeting to-day, have deferred consideration of the same for the present. I shall be glad if you will inform the Owner accordingly.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.
