Enclosure

31st December, 1952.

Classn.(S)
EJB

Dear Sir,

4 masted barque "VIKING"

I have to acknowledge receipt of your letter of the 24th ultimo and note your remarks.

In reply I enclose a sheet setting forth the shell drillings taken by the Society's Helsingfors Surveyor at Abo in August, 1946, and have to inform you that it will be in order to transmit this information to the Swedish Board of Trade.

I would add it would appear that the thicknesses of the shell plating were not originally greater than required by the Rules at the time the ship was built.

Yours faithfully,

Clerk to the
Classification Committee

H.B. Siggers, Esq.,
GOTHENBURG.
