

4 masted barque "VIKING". No. 80531 in 1950-51 R.B.

Refer Gothenburg Surveyors' letter of 24.12.52.

In reply IT IS SUBMITTED the Surveyors be -

- (a) furnished with the attached copy of shell drillings taken by the Helsingfors Surveyor at Abo 8,46 (refer Hfs.Rpt.No. 2103), and
- (b) informed that it would appear the thicknesses of the shell plating were not originally greater than required by the Rules at the time the ship was built.
