

# Lloyd's Register of Shipping

1223-24 Munsey Building

Baltimore, Md., U. S. A.

March 5th, 1943

The Secretary,  
London.

Dear Sir:

S.S. "ITAMARATY"  
(ex "WILLY")

The New York representative of Lloyd's Brasileiro, who are now the Owners of the above named tanker, requested us to attend several conferences and examination of the vessel with a view to ascertaining the extent of repairs for this vessel's reclassification with this Society. However, it transpired that the representative of the Bureau Veritas of Shipping was also called in to make examinations, and the vessel is now being repaired to this latter Society's requirements.

A bill for our fees amounting to \$250.00, plus \$43.75 expenses was submitted by the New York office and has since been paid. *Wester*

Yours very truly,

JGB:ar

*J. G. Buchanan*
