71, Fenchurch Street, E.C.3.

19th January, 1951.

Classn.

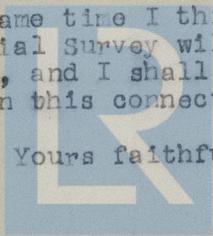

Dear Sir,

S.S. "STRYMON".

I beg to acquaint you that to complete the Boiler Survey, which became due at the end of Junellast, to entitle the vessel to a record of "B.S. 10,50" the starboard boiler requires to be examined and its safety valves adjusted under steam. I shall therefore be obliged if you will kindly let me know what arrangements you propose making for this matter to receive attention.

At the same time I think it well to point out that the Special Survey will become due at the end of next month, and I shall also be glad to learn your intentions in this connection.

Yours faithfully,

Lloyd's Register
Foundation
