SECTION No. 202

The Annual Boiler Survey of this vessel became due in March last, but the Owners have now informed the Society's Surveyors at Kobe that as she is to be employed only in Coasting Service in future, they have decided to withdraw her from the Society's Classification.

In the circumstances the Classing Committee, who had the case before them on Friday, 27th ultimo, decided to give instructions for the vessel's character to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
