YR Secretary
London.

Dear Sir

I beg to return herewith report of 4/1919
on the Steel Screw Steamer "DUNMAIL" which has
been completed by filling in the particulars
of the Stream and Wedge anchors, steel wire
and towline etc.

The rivets in J.K. + strakes are
spaced $3\frac{1}{8}$ " apart and not $3\frac{1}{2}$ " as reported
and now corrected.

I regret that these errors and
omissions have been made

Yours faithfully,
Thomas Miller
