The First Special Survey No. 1 became due on this vessel in June last year, and in November last the Havana Surveyor forwarded a letter from the Owners stating that owing to the service in which the vessel was engaged, it would be impossible to delay her for survey even if she had to lose her class. In the circumstances the Committee agreed to the Special Survey being postponed for a time.

In reply to further inquiry the Havana Surveyor now states that no arrangements have been made for carrying out the overdue Special Survey, although he wrote to the Owners on the 18th June and has also telephoned to them without result.

The case received the consideration of the Classing Committee on Tuesday, the 22nd instant, when it was decided to give instructions for the vessel's class to be expunged from the Register Book with a red line (~~7.24~~), indicating non-compliance with the Society's Rules.
