Case of the Steel M/S "RAPIDO"  
 No. 80933 in Reg. Bk. 449/248 tons, Built 1919-6  
 Classed A1 Owners Empresa Nav. de Cuba S. a.  
 with fbd oil Eng. Port of Registry Havana  
 1.21 Coasting Line 4,23  
 Greater Antilles + Key West  
 Survey Due Special Survey No. 1 due 6,23.

In November last the Havana Surveyor forwarded a letter from the Owners in which they stated that owing to the service in which this vessel was engaged, it would be impossible to delay her for the annual survey and that rather than delay her for that purpose they would prefer to lose the class. In the circumstances the Committee agreed to the Special Survey No. 1 being postponed for a time.

In reply to enquiry the Havana Surveyor states that no arrangements have been made for the carrying out of the above survey. He adds he wrote to the Owners on the 18th June and has

also telephoned to them, but cannot get a definite answer.
