Nature of Survey

The class of this vessel is subject to a Special Survey equal to a Half Time Survey being held at four and eight years from the date of build and to the stream and kedge anchors being replaced by others of rule weight.

A special survey became due 10.23.

The Owners now state that the vessel will be used for their own work entirely in shipping lumber from Puget Sound to Honolulu and that it will not be necessary to continue her class.

It is submitted the vessel's class be withdrawn from the Register Book and three dots (...) inserted in lieu, indicating withdrawal of class at Owners' request.
