

Messrs. Harkers' No.34.

A letter has been received from the Hull Surveyors stating that the approved plan of profile and decks of the above vessel appears to have been lost by the Builders.

It is submitted that the plan in this Office embodying the latest amendments to the class and to the structure, as agreed with Mr. Thirkettle, be forwarded to the Surveyors for their guidance.

The plan of midship section forwarded by the Surveyors has been modified to embody the latest amendments, and it is further submitted this plan be stamped and returned with the plan of profile and decks.

The plan of midship section now returned to the Surveyors cancels those previously approved.
