Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

3rd November, 1930.

Dear Sirs,

With reference to your report No. 41132 on the Steamer "JOHN HARKER" which, in September last, was classed "100A1 "Carrying Petroleum in Bulk" "For Coasting service between Worcester, Swansea and Bideford" and "For Service between the Humber and Poole Harbour until 31st October 1930", I have to point out that the limiting period of this latter service has now expired, and I shall be glad if you will kindly arrange with Messrs. John Harker, Ltd. for the return of the first entry classification certificate for this vessel, in order to admit of the issue of an amended certificate to cover only the service between Worcester, Swansea and Bideford.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

HULL.
