

List of Spare Gear
for
the M/S. "Batumsky Soviet" (ex. Bente Mærsk).

Odense Staalskibsværft's Yard No. 43.
Burmeister & Wain's Eng. No. 1958.

Main Engine.

1 cylinder cover complete with studs & nuts.
1 set studs with nuts for 1 cylinder cover.
36 screws with caps and 18 locking-up washers.
1 cylinder liner.

7 oil fuel injection valves complete.

7 filters.

4 valve spindles with bushes & spindle tubes.

2 air screws.

9 atomizers.

147 Belleville-springs.

2 air inlet valves complete.

2 valve spindles.

1 guide roller with shaft for valve lever.

2 ball bolts with nuts.

5 + 5 springs.

6 exhaust valves complete.

3 valve spindles.

3 valve liners.

6 valve discs.

3 steel nuts for spindles.

1 guide roller with shaft for valve lever.

3 ball bolts with nuts.

6 + 6 springs.

3 thermometer-pieces for cooling water discharge.

2.

1 starting valve complete.

6 spindle rings.

1 guide roller with shaft for valve lever.

6 + 6 springs.

6 bursting caps.

2 ball bolts with nuts.

1 cylinder escape valve complete.

6 springs.

1 piston with rings.

40 piston rings.

4 scrape rings.

1 scrape ring with spring for piston rod.

1 telescopic pipe with flange and stuffing box.

1 pair of crank pin brasses.

2 crank pin bolts with nuts.

1 pair of crosshead brasses.

2 crosshead bolts with nuts.

1 pair of main bearing brasses.

2 main bearing studs with nuts.

24 coupling bolts with nuts for the crank shaft.

9 rams with sleeves, bushes & unions for oil fuel pump.

6 suction valves complete.

9 slide valves with chests, bushes, arms & levers.

6 suction valve springs.

6 manometer valve springs.

6 + 6 valve motion springs.

6 N-R. valve springs.

1 filter.

1 guide roller complete.

3.

2 + 2 joining links for the camshaft chain drive.

Springs, bolts & studs with nuts, rubber packing and packing material, pipes, with flanges & unions, filter baskets for lubricating oil and fuel oil, brass tubes for oil cooler &c.

1 suction valve with seat complete for lubricating oil pump.

1 delivery valve " " " " " " "

1 suction valve with seat complete for bilge & sanitary pump.

1 delivery " " " " " " "

2 links for the pump shaft chain drive.

1 spring for do.

1 escape valve spring for lubricating oil pump.

1 " " " for cooling water pump.

1 propeller shaft with nut & key.

1 cast iron propeller.

10 coupling bolts for the intermediate shaft.

Auxiliary machinery.

Boilers.

2 safety valve springs.

2 feed check valves.

12 water gauge glasses.

2 + 2 tube stays.

One set of ordinary spaces for the oil burning unit.

Feed pumps.

1 set suction and delivery valves complete.

Condenser.

5 % of the tubes.

15 screw ferrules of each kind.

Main dynamo.

1 shunt field-regulator.

1 set of carbon brushes.

4.

1 set of spaces for the steam engine.

Manoeuvring air compressor.

1) Compressor:-

- 1 set of L.P. & H.P. suction and delivery valves complete.
- 1 set of L.P. & H.P. piston rings.
- 1 connecting rod bottom end bush.
- 1 connecting top end bush.
- 1 set of main bearing brasses.

2) Steam engine.

- 1 pair of crank pin brasses with bolts.
- 1 pair of main bearing brasses with bolts.
- 1 set piston rings.
- 1 set governor springs.

Pumps.

- 1 set of suction & delivery valves complete for each size of pumps.
