Special Survey due 11.60.

Outstanding items  
(if partly held)

Postponements  
already agreed

In October last it was stated that the ship was laid up at Singapore. In January last the Singapore Surveyors stated that the ship had been sold to local Owners who intended to keep her in service within the Singapore Harbour limits only on charter to the Shell Co., (who to whom she previously belonged ~~to~~) until the end of March, 1961. The Committee agreed to this arrangement provided the ship was found satisfactory at the Loadline Survey.

New proposal

The Singapore Surveyors now state that the Owners have not yet made a decision regarding the classification of the vessel and have returned the Loadline Certificate for cancellation.

Technical  
recommendation

*Submitted Surveyors be requested to confirm that ship is still laid up.*
