INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) Hong Kong(Date) 24th. December 1937.I have to report that I have surveyed the Tanker"SOLI" of Oslo O.N. -

on this date.

I have compared the arrangements on board the ship with the requirements of the Convention ~~those given in the original freeboard report~~ and I have found them to be reasonably in agreement therewith or/equivalent thereto, and the whole to be in efficient condition.

Vessel surveyed afloat. No repairs or alterations.

NOTE:- Special Survey 2nd.No.2 was completely carried out at this Port in July/August 1937, and it was recommended that the vessel be continued as classed with fresh record of survey 8-37, subject to 60 fathoms chain cable being placed on board at earliest convenience, and the notation of S.S.2nd.No.2-8,37. be made in the Register Book.

The freeboard marking has been verified and found to agree with the freeboards given on certificate No. - dated 5th. January 1933. which ~~is returned herewith~~ has been extended until 4th. July 1938 and endorsed in the appropriate place.
