The Secretary,

LONDON.

Dear Sir,

Having reference to your three letters of the 7th September relating to the verification of freeboard marking for twelve steamers, I have to state as follows:-

KANAN MARU: Verification form enclosed herewith.

KASHIN MARU: Verification form (dated 30th Oct. 1922) has been forwarded.

KISHU MARU: Assignment letter sent to Hong Kong as the vessel was to be at that port from about 7th to the 17th instant.

SEIKYO MARU: Assignment letter sent Shanghai where the vessel was to be about the 10th instant.

CHOSA MARU: Verification form enclosed herewith.

FUKUKEN MARU: Assignment letter sent Shanghai where the vessel was to be about the 8th instant.

GIFU MARU: The freeboard was verified on the 27th Oct. 1921 before the date of the assignment letter, but the forwarding of a verification form was apparently omitted. The form is now enclosed showing the marking in agreement with the assignment.

IWATE MARU: The freeboard was verified on the 27th December 1921 and a temporary freeboard certificate granted on the 13th January. A verification form does not appear to have been forwarded and one is now enclosed.

TACHIBANA MARU: Verification form forwarded 4th September 1922.

YORO MARU: This is the S.S. "CHERIBON MARU" No. 56453 R.B. (Mitsubishi Dockyard No. 83). The verification form was sent on 1st April 1921. The name "YORO MARU" was only provisionally given.

SHINAI MARU: (Fujinagata Dockyard No. 43). A freeboard of 5'-6 $\frac{1}{2}$ " was provisionally marked and no opportunity has occurred for having it corrected but enquiries are being made and it is hoped that a verification form may soon be forwarded.

SEIKAI MARU: Arrangements are being made to have the freeboards verified at an early date.

I am, Dear Sir,

Yours faithfully,

(Signed) A. L. JONES.
