Hull, 18th March, 1950.

ANSD.....
S. "TEMARA".

Dear Sir,

We beg to acknowledge the due receipt of your letter of the 13th instant, respecting the deferred reports on the above vessel, and note your remarks.

The reports have been exhibited to Mr. Metsas, who, it transpires, is a prospective purchaser, and in this connection we think it well to mention that we have a letter from the Owners expressing their willingness to permit all relevant information and documents to be made available to Mr. Metsas.

The position is somewhat uncertain at present as to the vessel's future, but we shall advise you immediately a decision is reached. In the meantime we are retaining the deferred reports in this Office.

Yours faithfully,

The Surveyors,

Per:-

The Secretary,
