

s.s. "WATERBUCK"

The Secretary of the Company stated that the vessel has been placed in the hands of Messrs. J.I. Jacobs & Co., with a view to being sold.

In the case of sale, it is thought the vessel would proceed to Durban for survey.

It was pointed out to him that the Committee could only allow the vessel to retain her class subject to a general examination being made, and it will be necessary for intending purchasers to be informed exactly as to the position of the class.

As he was rather indefinite on the subject, I told him that it would be better for him to write in, in order that the case could be considered by the Committee.
