

C. 1671.

L I V E R P O O L .

4th September 1934.

B. G. Oxford,

Messrs. Bicket & Co., attend at the works of the Manchester Dry Dock Co. Ltd., at Ellesmere Port and examine a spare propeller shaft intended for the Steamer " WATERBUCK " ex " NEILSON ".

This shaft was originally fitted in the sister vessel " NEILSON " and has had a new after liner fitted. So far as can be seen, it is in good condition.

Mark: Lloyd's No. 4612, R.D.S.
