Dear Sir,

With reference to the Classing letter of the 8th inst respecting Hull First Entry Report No. 35095 on the s.s. "SALVAGE PRINCE", I have pleasure in forwarding a letter received from Messrs. Cochrane & Sons, Ltd, in which they state that they had the Owners permission to build this vessel to the Revised Rules.

I have also to state that the inner surface of the bottom plating is protected by cement, and the spacing of the rivets in the shell seams is as required by the Rules, the figure in the report being a clerical error.

I am, Dear Sir,

Yours faithfully,

Wm. Baillie

The Secretary,,
