Survey Due Modified Survey of Oil Engines due July, 1932.
Screwshaft Survey due 7,33.

In January last the Owners stated that it would best suit their convenience to have the survey of the Oil Engines held at Nassau (Bahamas) and in the circumstances Lloyd's Agents at that port were requested to appoint a competent and independent Surveyor to carry out the inspection.

In June last the Committee had before them a letter from Lloyd's Agents in which they wrote that the Manager of this vessel was then in England and that nothing could be done in regard to the survey until his return in August or September. In the circumstances action was again deferred in the matter,

subject to the inspection being carried out without fail in
