25th April, 1933.

Dear Sirs,

H. With reference to my letter of the 1st ultimo relative to the Modified Survey of the Oil Engines of the Motorship "SIR CHARLES ORR", I beg to acquaint you that I am in receipt of a letter from Lloyd's Agents at Nassau in which they state they have been informed by your goodselves that it is not your intention to have the inspection in question carried out yet and that it will probably not be done for at least another month. In the circumstances I am directed to point out to you that the survey of the Oil Engines is now already nine months overdue and that it should be carried out with as little delay as possible.

I shall be glad to learn that you have made the necessary arrangements accordingly.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
