100 A1
With Freeboard
11,30
LMC 8,30
C.L.

The Screwshaft Survey became due in August last.

In reply to enquiry the Society's Surveyor at Nantes has forwarded a letter addressed to him by the Owners, in which they state they do not desire to continue the classification of this vessel with this Society, and further that the vessel was classed with the Bureau Veritas three years ago. No action, therefore, is being taken by the Owners in regard to the screwshaft survey.

The Classing Committee had the case before them on Friday, 3rd instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

9th November, 1933.
