# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

5th October, 1933.

Dear Sirs,

S. With reference to the classification in the Society's Register Book of your steamer "PENNERF", I beg to inform you that I am advised by the Society's Surveyor at your port that you do not propose to take any action with reference to the examination of the vessel's screwshaft, which, in accordance with the Society's Rules, became due for survey in August last, as the vessel is now classed with the Bureau Veritas.

As no previous intimation has been received from you that you desire to withdraw the vessel's class from this Society, perhaps you will be good enough to favour me with a letter on the subject.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.

Messrs. Cie. Nantaise de Nav.a Vap.,  
Services des Messageries de l'Ouest et Cotiers,  
Quai de la Fosse,  
NANTES, France.
