Proposed to be held .....

Remarks In view of the vessel being laid up indefinitely a record of "Laid up Pending Survey" was assigned in September last.

The vessel was sold in January 1951 and unsuccessful efforts have been made by the Surveyors at Curacao and Aruba to ascertain the new Owners' intentions in regard to the carrying out of the above surveys. The Curacao Surveyors states, however, that the vessel is now in commission and is transporting asphalt.
