LLOYD'S REGISTER OF SHIPPING,
17 BATTERY PLACE,

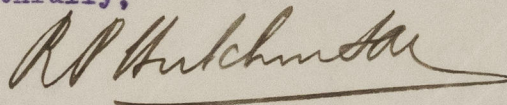

NEW YORK

June 29, 1917.

Dear Mr. Scott;

With reference to your letter of the 7th instant dealing with the reports submitted to the American Committee on the 10th ultimo, I enclose herewith a letter dated the 26th instant received from the Society's Surveyors at Newport News, regarding the case of the steamer "MUNDELTA", from which it will be seen that the two side stringers are fitted in way of web frames in E and B space, as shown on plan No. 74066, and the depth "d" amidships of the vessel is 17'-0".

Yours faithfully,

Andrew Scott, Esq.,

LONDON.
