Dear Sirs:-

S.S. "OLIMPIA".

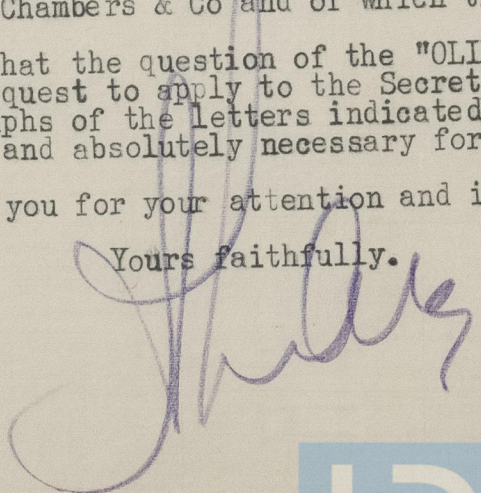

We have to thank you for your favor of the 30th ulto enclosing documents received from Lloyd's Register in connection with the building date of this steamer.

We have to call your kind attention that you have not forwarded to us the three photographic copies of letters regarding the petitions made in 1925 by Messrs James Chambers & Co of Liverpool, whereas the Secretary of Lloyd's Register promised both you and our lawyer Mr Cafiero to furnish same in accordance with the request we made to Messrs James Chambers & Co and of which they duly approved.

In view that the question of the "OLIMPIA" is always in suspense, we would request to apply to the Secretary of Lloyd's Register for the said photographs of the letters indicated, which are of the greatest importance and absolutely necessary for us.

Thanking you for your attention and in anticipation of same,

Yours faithfully.
