

s.s. "OLIMPIA" ex "WRAY CASTLE"

- - - - -

The facts regarding the date of Build of this vessel are fully stated in the endorsement dated 2nd instant.

From the attached letters it will be seen that the new Owner is now anxious to be supplied with amplified information regarding the circumstances which led to the Committee changing the date of build in 1925 from 1916 to 1920.

His London Agents ask therefore whether they could be supplied with this information and in particular copies of correspondence which took place with the old Owners at the time of the amendment.

The old Owners' consent to these documents being furnished has been obtained and is attached.

From a survey of the facts it would appear that the change took place as the result of information supplied by the Builders that the date of completion was July, 1920 although she was launched during the War in 1916.

It is submitted for consideration, therefore, whether the new Owner, through his London Agents, might not be supplied with the information desired.
