A. L. JONES.

SHIP AND ENGINEER SURVEYOR

LLOYD'S REGISTER

KOBE, 30th September, 1920.

15 NOV 1920

Dear Sir,

In reply to the classification letter of the 13th ultimo regarding the steamer "HAVANA MARU", I have to state that a web frame 24"x .44 with double face angles was fitted at frame No.85 in the engine and boiler room space, that the sheerstrake is doubled at ends of bridge also that the 3rd bower anchor, steel wire bow line, hawsers and warps are all as required.

I am, Dear Sir,

Yours faithfully,

H. P. House

The Secretary,

LONDON.
