

new material required amounts to about 100 tons and approximately a

I telephoned Mr. Ripley, of the Norwegian Shipping and Trade Mission concerning this case, and communicated to him the information contained therein.

He did not think it necessary for a copy of the correspondence to be made and forwarded to him, but wished me to convey his thanks to Mr. Sladden for the trouble taken in this case.

J.W.S.
4th February, 1943.

is enclosed.
