S.S. "KAISANIEMI" ex Empire Consequence.
(Seattle FE RPT. No. 3941)

Dear Sir:

I duly received your letter of December 13th, regarding the plans for the above named vessel. In reply I may state that our records show that all plans received from Seattle Surveyor were despatched at the same time as the First Entry Reports.

With regard to the other plans mentioned in your letter, i.e. pumping arrangements and straight shafting, I think it well to point out that copies of these were not received from you nor were there any plans available on board the vessel.

Reverting to the plans sent to this office from London and which were returned, I conclude that the originals of these were retained in London before copies were forwarded for the use of the Seattle Surveyor.

Yours faithfully,

C. Macpherson

for Principal Surveyor
