10534. STRIVER. Classed 100 A1 with notations of Lloyd's A & CP and M LMC 3, 20, HE 96 refitted 20, cargo battens not fitted.

I have to say that a fee of 8 guineas has been charged for the complete survey of the engines of which 4 guineas will be credited to Aberdeen for the survey during installation on board and 4 guineas for the survey held at your port. You will be good enough to pass this fee through your books in the usual way.
