LLOYD'S REGISTER  
RECEIVED  
ANS

Dear Sir,

With reference to your letter of the 24th. instant respecting Middlesbrough First Entry Machinery report No. 10524 in the case of the steamer "Striver", I have to inform you these engines were not built under the Society's supervision, and have been used for power purposes in running the machinery in Messrs. Richardsons, Westgarth and Co's engine shops, until electric power was introduced and the engines in question disposed of to the present owners.

With regard to the last paragraph in your letter I have to inform you it is understood the boiler was made by Messrs. Hall of Aberdeen.

I am, Dear Sir,

Yours faithfully,

The Secretary,  
London.
