QUESTION

ANSWER

With reference to my letter of the 1st June, I shall be glad to receive confirmation that the above whaler is still laid up.

It will be noted that this vessel was last seen in dry dock by the Society's Surveyors in December 1959, and that the Screwshaft Survey will become due at the end of December next.

Date:— 16th August, 1961.

No change, vessel still laid up at Valparaíso, Owners' representative states no prospects of vessel being placed in service in the near future.
