

COPY

2nd March, 1948.

Dear Sirs,

s.s. "VASSILOS E. KULUKUNDIS".

H. & F. With reference to my letter of the 13th August last, I beg to point out that the period of validity of this vessel's "Examined" notation will expire at the end of next month. I shall accordingly be obliged if you will kindly let me know what arrangements are proposed to be made for the classification survey to be completed as follows:-

All D.B. tanks and deep tanks, except D.B. tanks under machinery space to be tested and tunnel watertight door to be altered to comply with the Rules.

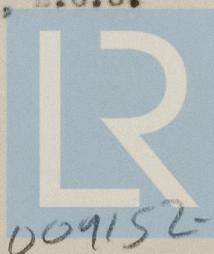

At the same time, I beg to remind you that the Load Line Certificate will expire on the 30th proximo and it is concluded that you will have the necessary survey held with a view to the renewal of this Certificate concurrently with the completion of the classification survey.

I would also remind you that feed water regulators require to be fitted to the main boilers and a circulating pump impeller shaft requires to be supplied. A further survey of the boilers will become due at the end of next month.

Yours faithfully,

Clerk to the  
Classification Committee.

Messrs. Rethymnis & Kulukundis Ltd.,  
1/4, Bury Street,  
LONDON, E.C.3.
