71, Fenchurch Street, E.C.3.

13th August, 1947.

Dear Sir,

S. With reference to Baltimore First Entry Report No. 8470 on the steamer "VASILIOS E. KULUKUNDIS", I think it well to acquaint you that, following the modified arrangements now agreed to by the Committee in such cases, as set forth in Circular No. 1871 just issued, we have been able to add to the minute in this instance records of "Examined 4,47" and "LMC 4,47" subject to feed water regulators being fitted to the main boilers and to a circulating pump impeller shaft being supplied.

Yours faithfully,

Clerk to the  
Classification Committee.

The Principal Surveyor,  
NEW YORK.
