3 - JUL 1947

Port Baltimore, Maryland

10th April, 1947

This is to Certify that

C. B. MCGHEE

the undersigned Surveyor to this Society did at the request of

the Owner's Representative attend on board the Steamer

"VASILIOS E. KULUKUNDIS" ex "FINLEY PETER DUNNIS"

176 tons of Syra, whilst lying afloat at the plant of the Maryland Drydock Company, Baltimore, Maryland, on 10th April, 1947, for the purpose of witnessing lifting tests of the two 5 ton derricks at each of the Nos. 1, 2, 3, 4 and 5 hatchways; also of the 50 ton derrick at No. 2 hatchway and the 15 ton derrick at No. 4 hatchway.

By means of wire ropes and a spring balance, a load of 6 1/4 tons was applied to the 5 ton derricks, and 18 3/4 tons to the 15 ton derrick being 15 per cent in excess of the safe working load; also 55 tons was applied to the 50 ton derrick being 5 tons in excess of the safe working load.

The above mentioned tests were carried out to my satisfaction as regards the stresses imposed by the test loads mentioned.
