IT IS SUBMITTED the New York Office be advised that in each of the above cases the Surveyors have stated on their First Entry reports that various plans have been forwarded, but no trace can be found of the receipt of these plans.

Since the information in this Office of the various types of American built vessels now coming into class is by no means complete as yet, every effort should be made to see that, ^{where} ~~these~~ plans are available, ~~and forwarded~~ to this office with the reports. ^{they should be forwarded}

In the circumstances their remarks will be appreciated.
