Lloyd's Register of Shipping.

Port of Kobe.

17th November, 1926.

Certificate No.1030.

This is to Certify that

A. Watt,

the undersigned Surveyor to this Society did at the request of

The Owners, examine the repairs to the Rudder of the

S.S. "ENGLAND MARU",

5865 tons gross of Kobe,

at Mitsubishi Dockyard Machine Shop on the 10th November 1926
and subsequent dates.

The old Rudder stock keyseats for the quadrant
and rudder head have been built up on one side by electric
welding and the two keyseats re-cut and properly fitted.

The new rudder has been built in accordance with
the approved plan and fitted to the above Rudder Stock.

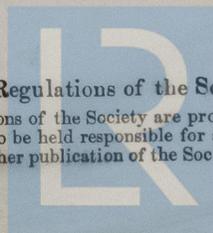

The new rudder main piece and arms have been
tested as shown on Kobe certificate No.1029.

A. Watt.

SURVEYOR TO LLOYD'S REGISTER.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate of the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, negligence of the Surveyors, or other Officers or Agents of the Society."
