

No.00776 - Sailing Vessel "ETHEL EVERARD".

304

The Owners state that the last they heard of this vessel was from a photograph in a paper published in a German Prison Camp showing her lying stranded on the beaches at Dunkirk.

They do not know whether she is being utilised by the enemy, but they themselves have been paid out on the assumption that she is a "Total Loss", and they suggest she be omitted from the forthcoming edition of the Register Book.
