

C. E. T. Redford.

N.Y. 27/82.

It is concluded that the pumping arrangements
in accordance with the requirements of the
code, but this should be confirmed & the Surveyors
requested to state the number & size of the bilge
pumps & their functions.

should also forward a report on the Electric
lights on Rept. 13.

Surveyors should be informed that it is not
practice to insert in the Register Book the pressure of
Heating Boilers.
