*The Secretary
London*

Sir.

I beg to forward a letter received from Messrs Philip & Son^{rs} of Dartmouth, in answer to my letter to them with reference to pillars to be fitted in their Tug "Dartmouthian".

It was suggested in my letter, that if no objection was seen it would appear that suitable positions for pillars were as follows -

- "(a) in Fore Compartment on frames 26 and 29
- "(b) in after Compartment between frames 6 and 8
- "(c) in Machinery Space on frames 11 and 13."

The plans of the vessel are forwarded herewith for information in the case -

I am Sir,

Your obedient Servant
John C. Larg
