

WOKINGHAM COPY.

15th May, 1944.

Dear Sir,

S

"C.625" - F.E. Report No.120973.

The Committee have now had before them the above mentioned report and have assigned to the vessel a class of ~~100A1~~100A1 with notations of Cargo Battens not Fitted, Lloyd's A & C.P., and ~~LMC 4,44~~LMC 4,44, O.G.

It is concluded that 5" x 3" x .30" bulb angle frames have been fitted from frame 59 forward as approved and not angle frames as reported, but it will be appreciated if the Surveyors will state if this is so.

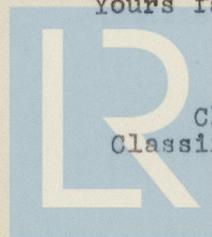

I am, Dear Sir,
Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,

LIVERPOOL.
