# Lloyd's Register of Shipping.

Port GDYNIA

4th May 1949.

This is to Certify that I have

Part

Surveyed the Boiler and Machinery of the S.S. "SLASK"

1402 gross tons of Gdynia, whilst lying afloat and in drydock

at Gdansk on the 19th April 1949 and subsequently

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

Recommended that the record of T.S.C.A. 4,49 now and

B.S. 4,49 when the safety valves are adjusted,

be made in the Register Book in the case of this vessel.  
subject to main injection pipes, bilge injection valve chest and attached  
tee piece being renewed before the end of October 1949, and to the low injection  
valve chest being renewed before the end of April 1950.

*Whenehad.*

Engineer Surveyor to Lloyd's Register.

Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for the accuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Agents of the Society.

B.1.—7m 9, 16.
