Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

3rd August, 1923.

Dear Sir,

I have to acquaint you that the steamer "CHIPPEWA" retains her class subject to the main engines and the oil fuel installation being examined under working conditions and the safety valves adjusted after damage caused by fire.

The vessel has been laid up for some time past at Montreal and the Surveyor at that port now states that the steamer has recently proceeded from Montreal to the Great Lakes. In the circumstances I shall be glad if you will arrange for the case to receive the necessary attention.

At the same time I think it well to point out that the Screw Shaft of this vessel will become due for survey at the end of the present month.

I am, Dear Sir,
Yours faithfully,

Assistant to the Secretary.

The Secretary,

NEW YORK.
