26th July, 1946.

Dear Sirs,

S.S. "ALCANTARA"

S. With reference to your Report No.4194 on this vessel, I have to acquaint you that the reports have now been checked in this office and the case is ready for submission to the Committee for the assignment of a class of "100A- Shelter Deck with Freeboard" with the following notations:-

Docking Date 5,46,  
S.S.Lis.-5,46 (Dr.).  
Reclassed 5,46,

LMC 5,46,  
S 1,46,

but in accordance with their present practice the Committee would not be agreeable to the assignment of the figure '1' in view of the nine lengths of cable being recommended to be supplied.

Particulars of the case were recently cabled to the Society's Surveyors at New York who have replied they understand the necessary nine lengths of cable have been placed on board the ship at Philadelphia, and I shall be obliged if you will inform the Owners that it is anticipated the full class with figure '1' will be reinstated on receipt of the Philadelphia Surveyors' report.

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,

LISBON.
