

# Lloyd's Register of Shipping.

INTERNATIONAL CONVENTION 1930 RESPECTING  
LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH  
ART. 14 OF THE CONVENTION.

(Port) GOTHENBURG,

(Date) 2nd September, 1937.

I have to report that I have surveyed the Steel Twin  
Screw M/S "BULLAREN" of Gothenburg O.N. 6002  
on this date.

I have compared the arrangements on board the ship with those given in the original freeboard report and I have found them to be in agreement therewith or equivalent thereto, and the whole to be in efficient condition.

The survey has been carried out whilst the vessel was lying afloat.

The vessel is now undergoing her 2nd Special Survey No.2 and the notation of ss Got. No.2 - 37 will be recommended.

The freeboard marking has been verified and found to agree with the freeboards given on certificate No. -- dated 3rd Sept., 1932. which ~~is returned herewith.~~ will be returned in due course.
