Dear Sir

Sorry I could not answer
your letter before. Re survey of the above
plot. She was on the point of being
sent to her husband. and I could not
know what they wanted how and
never they cannot find the money
The sale is now off.

I asked your people to class the
e. as I do not wish to class the
lines again. but they refused to do
without the other. so I decided
on her survey and classed by
true state for a load line
certificate

Yours faithfully
